TO: Julie Vonderhaar
Township Administrator

FROM: Robert Chabali
Chief of Police

SUBJECT: Request to Purchase Taser 7

Mrs. Vonderhaar:

I was recently advised by Sergeant Brandon McCroskey that our current Taser inventory, other than the two (2) X26P Tasers purchased May 9, 2018 (see attached Fairfield Township Resolution No. 18-77) are becoming obsolete. In fact, most have lost the digital readout that shows the power level, status data – year, month, hour, minute, laser flashlight on/off, and amount of time of the discharge. I also located Resolution No. 14-114, which shows that twenty-three (23) X26P Tasers were purchased July 23, 2014. Generally, these Tasers have a life span of 3-5 years, if properly maintained, making 2018 the end of their life span.

In May of this year, Officer Roger Gilbert, Officer Corey Stebbins and Sergeant Brandon McCroskey were recertified as Taser Instructors on the new Taser 7. During the training, they were advised that Taser will not be able to replace, update or fix the older X26P model much longer as they will be phased out. After research, the attached is the best option for our department – purchase price is \$95,940.00 – which can be paid in yearly increments (see attached) or payed up front. During this time, other than the holsters, the Tasers will be totally warranted and repaired without cost. Additionally, sufficient training cartridges will be provided as part of the cost.

I am requesting to purchase twenty-seven (27) Taser 7s and related accessories in order to have spares as the Taser 7 still needs to be sent to their factory for repair. Having several spares will prevent our personnel from having to go without this less-lethal technology. We have had multiple Tasers needing repair at the same time in the past.
