Reference: 1926 Tuley.

The above listed structure was inspected on July 13, 2021 by the Fairfield Township Fire Department at the request of the Zoning Administrator. The inspection was done pursuant to Ohio Revised Code 505.86.

The fire department find that the condition of the property requires immediate action in order to ensure the safety and well being of the general public and firefighters. The inspection revealed several conditions that include insecure, unsafe and structurally defective areas. The structure at the time of inspection had unsecure doors, windows and evidence of structure damage which allow unrestricted access as well as weather to penetrate the structure and cause continuing deterioration.

The Fairfield Township Fire Department hereby declares the above listed structure to be insecure, unsafe and structurally defective. The department recommends that the Board of Trustees follow the procedure listed in ORC 505.86 to remove or correct those conditions listed in the inspection report.

Respectfully,

Matt Schumann  
Assistant Fire Chief
