SUBJECT: Disposal of Old Handheld RADAR Units

Chief Chabali:

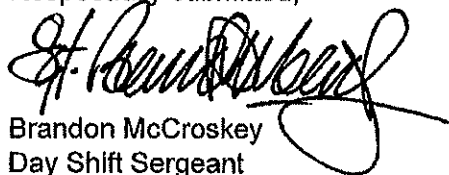

I am requesting and recommending the disposal of three (3) handheld Stalker RADAR units that are currently in storage. There are no foreseeable reasons that we are or would use this equipment in the future. The outdated and unused equipment is doing nothing more at this point than taking up storage space. There are also 3 sets of tuning forks that belong to each of the units and are specific to that make and model of RADAR; those also would need disposed of.

All the units are also quite old and antiquated. From my recollection, all the units were already here when I started in 2005:

- Serial number 3840
- Serial number 3718
- Serial number 24289

My understanding is that I/we may need written approval to dispose of these items. If it is approved, please let me know and I will see that they are disposed of accordingly.

Respectfully submitted,

Brandon McCroskey
Day Shift Sergeant

Approved!
