FROM: Robert Chabali  
Chief of Police

SUBJECT: Request to Replace Speed Trailer

Mrs. Vonderhaar:

Our current speed trailer (Stalker Speed Awareness Monitor), purchased in 2010 from Applied Concepts, Inc., 855 East Collins Blvd., Richardson, Texas 75081, telephone #972-398-3780, is not working and not repairable due to its age, wear and tear and out of date technology. We have had this unit, which is constantly exposed to the elements, run for approximately 12 years and need it replaced. As you are aware, the police department constantly deploys the speed trailer when we receive speeding complaints from citizens. The deployment of this trailer has been instrumental in reducing injuries and possibly fatalities related to traffic accidents by lowering motorist speeds.

I have attached the specs and vendor information for your review. We have selected this vendor as it is closer to our area, if repairs are needed, than Richardson Texas, where the old system was purchased.

- Speed Patrol trailer with two-digit speed display, tuning fork, and user manual. This purchase will include 1 extra batter, 50-watt solar panel, strobe kit, changeable speed limit sign assembly, 12V/24HR timer, speedview data collection and Bluetooth technology. **Cost: \$9,262.00**

Vendor: MPH Industries, 316 East 9<sup>th</sup> Street, Owensboro, Kentucky 42303, Phone #888-689-9222

This is based on State Contract bid as indicated in the attachments.

**Total Cost: \$9,262.00**

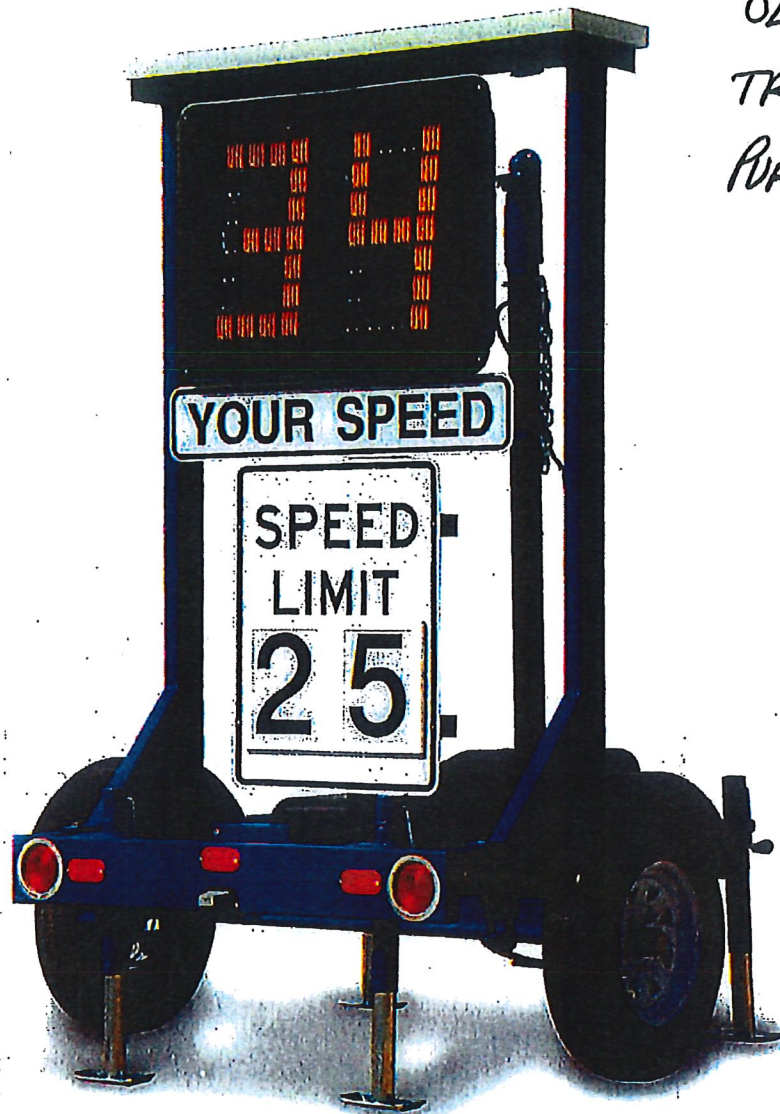

I respectfully request that this purchase be approved.

Robert Chabali  
Chief of Police
