THIS AGREEMENT, on the _____ day of _____, 2023, between the Board of County Commissioners of **Butler County, Ohio**, hereinafter referred to as "**County**" and the Board of Township Trustees of **Fairfield Township**, Butler County, Ohio, hereinafter referred to as "**Township**".

WHEREAS, a project or activity, described as Stormwater Improvements on King Ave, hereinafter referred to as "**Project**", has been approved and funded in the amount of \$205,232 (Two Hundred five Thousand and Two Hundred and Thirty-Two Dollars) under the Butler County Entitlement Program; and

WHEREAS, the parties desire to define their rights and duties by execution of this Project Agreement.

Now, therefore, the parties hereby agree as follows:

1. Pursuant to R.C. §307.15, the parties agree that County shall undertake to perform the Project, and is hereby authorized by Township, to exercise any power, perform any function, or render any service, on behalf of Township or its legislative authority, that Township or legislative authority may exercise, perform, or render in connection with the Project. County may assign the performance of tasks, or duties, in connection with the Project to such County officers, officeholders, departments, agencies, employees or agents as County determines is appropriate under the circumstances.
2. Compliance with the provisions of Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 135, and all applicable rules and orders issued prior to the execution of this contract, shall be a condition of the Federal financial assistance provided under this contract and binding upon the County and Township. Details regarding Section 3 requirements are in Appendix A.
3. Pursuant to Pub. L. No. 117-58 §§70914 of the Build America, Buy America Act ("BABA") of the Infrastructure Investment and Jobs Act ("IIJA") of 2021, the parties agree to comply with the following Buy America preference:
 - a. All iron and steel used in the Project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - b. All manufactured products used in the Project are produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.
 - c. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

4. County is hereby granted the right to enter upon any property owned, leased, or controlled by Township for the purpose of performing the Project, subject, however, to advance notice to, and supervision by, Township.
5. Other than those funds committed to the performance of the Project pursuant to the Butler County Entitlement Program, Township shall be responsible for the costs of performing the Project, and for any claims, or expenses, which arise out of the performance of the Project, except as may be directly and proximately caused by the gross negligence of County. Township shall, upon receipt of an invoice from County, immediately reimburse County for any such costs, claims or expenses.

This agreement has been approved by the legislative authority of the Township by resolution or ordinance attached and made part of this Agreement.
