The current shift supervisor F150 is a 2020 with 24,793 miles. This vehicle will be retained by the department as a spare, which we currently don't have, to be used as a back up for the shift supervisor as well as administrative staff. We currently don't have a suitable spare when any of our current staff car goes in for maintenance. The plan is for the shift supervisor vehicle to be replaced every 5 years, having a
