Use of C.I.C. for Land Purchase on Gilmore

Ken Geis - It would be appropriate for the Board to purchase the property then transfer the land to the C.I.C. I was hoping to have a proposal for an update of the Phase 1 report that was completed by Graceworks, hopefully I will have it by tomorrow. Phase 1 is the environmental report on the property.

Use of C.I.C. for Utility Improvement Project

Ken Geis – The **Board** will authorize a purchase order for the utility payment and the C.I.C. will administer the program. This would be for extending the utilities into that area. This was an agreement for Storypoint to begin construction, partial to the Intergovernmental agreement the Board of Trustees signed.

Mr. McAbee – In your report it states the C.I.C. has executed the contract for the Utility extension. I don't see any reference to that in our minutes or a resolution.

Mr. Geis – The Executive Director has the authority to execute an agreement to manage the contract as it relates to this project in order to move forward.

Mr. McAbee – I believe we should vote on this and have a record in the minutes.

Motion to approve the Construction Contract between the C.I.C. and Oberer
