

**FAIRFIELD TOWNSHIP
RESOLUTION NO. 17-80**

**RESOLUTION TO AUTHORIZE THE PURCHASE OF (2) ELECTRIC/BATTERY PPV
BATFANS FROM VOGELPOHL FIRE EQUIPMENT AT A TOTAL COST OF \$7,979.90,
FOR THE FIRE DEPARTMENT.**

WHEREAS: The Fire Chief has recommended the purchase of this equipment to replace the gas powered units; and

WHEREAS: The new units will be electric with battery back-up and provide more efficient ventilation, not induce carbon monoxide into the structure, and require less maintenance than the older gas powered units;

NOW , THEREFORE, BE IT RESOLVED, by the Trustees of Fairfield Township, Butler County, Ohio, as follows;

SECTION 1: The Board of Trustees, hereby, approves the purchase of (2) two Electric/Battery PPV Batfans from Vogelpohl Fire Equipment, 2770 Circleport Drive, Erlanger, KY, 41018, at a total cost of \$7,979.90, for the Fire Department. This will be taken out of Fund No. 2111-220-430.

SECTION 2: The Trustees of Fairfield Township do hereby dispense with the requirement that this resolution be read on two separate days, pursuant to RC 504.10, and do authorize the adoption of this resolution upon its first reading.

SECTION 3: This resolution is the subject of the general authority granted to the Board of Trustees through the Ohio Revised Code and not the specific authority granted to the Board of Trustees through the status as a Limited Home Rule Township.

SECTION 4: That it is hereby found and determined that all formal actions of this Board concerning and relating to the passage of this Resolution were taken in meetings open to the public, in compliance with all legal requirements including §121.22 of the Ohio Revised Code.

SECTION 5: This resolution shall take effect at the earliest period allowed by law.

Effective: August 23, 2017

Patty Moore
FINANCE CLERK 7-12-17
Date

- Funds Available Insufficient Funds

Justification:

Replacement for Gas Powered units. The gas units introduce Carbon Monoxide into structures when used for positive pressure ventilation. These new units are Electric/Battery and will operate 45 minutes on the battery pack or can run on electric and provide higher CFM or air and require less maintenance than the older gas powered units.

About This Product

POWERFUL AND LIGHTWEIGHT

LEADER continues to be a major player in the PPV world having recently developed the BATfan, powerful mobile fan (14,155 CFM - 8,850 CFM according to AMCA) and lightweight allowing self-contained operations.

TWO VERSIONS TO CHOOSE

- BATfan 20 : 20 minutes runtime / total weight of 54.4 lbs
- BATfan 45 : 45 minutes runtime / total weight of 61.7 lbs

SELF-CONTAINED

The BATfan is equipped with a battery, which makes it completely autonomous in operation. Moreover, it does not need to be connected to a power source, which avoids the complications of an accident due to cables dragging on the ground.

COMPACT AND MOBILE

Lightweight and equipped with a strap and a carrying handle, it is portable by one person alone. Foldable, it stows easily in the trunk of a vehicle. Two BATfans occupy the space of one conventional fan.

QUICK AND EASY TO SET UP

The BATfan is faster to set up than conventional fans. Indeed, equipped with a battery, it is fully autonomous and can start immediately without wasting time searching for a power outlet.

MULTI-FUNCTIONAL EQUIPMENT

This multi-use fan can be used indoors and outdoors, on its own at a building entrance for PPV, in conjunction with other fans for combined PPV tactics, in blowing mode or as a foam generator.

- **Totally Self-Contained:** No cables or need for a generator
- **Compact and Mobile:** Fold and stow
- **Quicker to Set-Up:** Starts instantly
- **Air Stream:** Powerful concentrated jet of air
- **Dimensions:** 20.5L" x 21.5H" x 10.1D"
- **Engine:** 600w with variable speed drive-IP55
- **Adjustable Tilt:** From -10° to +30° with locking system with angle indicator
- **NiMH Battery:** Low maintenance: 1 full recharge every 6 weeks, no restrictions on air transport, battery charge indicator
